Residential Garbage Service (Green Top Can)

Residential Garbage is collected once per week on either Monday or Tuesday. It is recommended that all garbage be bagged before placing in the container. Please place the can curbside the evening before collection and return after pick-up. Place the refuse container as close to the curb as possible with the handle facing away from the street and clear of any obstacles. Building materials, concrete, bricks, solvents, paint, ashes and hazardous waste should not be placed in the refuse container.

Recycling Service (Yellow Top Can)

Your recycling is collected once per week on either Thursday or Friday. Please place your can curbside the night before collection with the handle facing away from the street. Your can has an in-mold label that outlines the do's and don'ts of recycling. You do not have to separate your material and can be placed your cart loose. The City of Fort Walton Beach no longer accepts glass as a recyclable. Please do not place yard waste in the container.

Residential Yard Waste

Residential Yard is picked up once per week (Monday—Thursday) based on a City-wide schedule. To assist in the speed of collection, leaves, grass and pine straw should be placed in bags. Trash cans or other containers are *not acceptable and could be picked up as garbage*. The maximum limit per household per week is 4 cubic yards of debris. Larger amounts will be charged to the homeowner.

Hazardous Waste

To dispose of old paint, fertilizer, pesticides or other Household Hazardous Waste, please call 301-2013. They are open 7AM to 3PM, Tuesday thru Saturday without appointment and are located at 80 Ready Avenue NW.

Miscellaneous Household

Household trash that is too large for the container is picked up on Fridays. Please call 833-9655 before 3pm on Thursdays to schedule your bulk household pick up. We do not pick up construction debris, concrete, glass or tires.

Online Forms

The City of Fort Walton Beach Solid Waste has an online form available to use for a number sanitation requests and inquires. You can find the form at <http://fwb.org/sanitation/sanitation-residential-request/>
